

SW-10

The SW series of subwoofers offer a level of performance previously unheard of in their class. Revolutionary drive units, amplifier modules and filter stages feature on every model. They strike the perfect balance between power and sound quality, offering remarkable sound pressure levels, yet retaining enough control to be considered audiophile in quality.

The new range of SW subwoofers comes with a host of new features. They now come with Non-pressed paper cones for increase self-damping, improved transient impact and intern increased the structural rigidity of the cone itself. The center vents are copper lined to reduce the magnetic distortion and improve the heat dissipation.

Still utilising the solid, well-engineered power amplifiers the SW subwoofers are optimised for high impact at low frequencies and are ideal for movies or music. With the various finishes to the cabinets - Rosewood /Walnut Pearl/White sandex/Blackwood Vinyl with Hi-gloss baffle – these subwoofers look great with matching floorstanding speakers.

Specification

Drive Units	1 x (10") 250mm cone long-throw
Frequency Response	40 - 120Hz \pm 3dB
Amplifier Power Output	200W
Peak Power Output	350W
Line Input Sensitivity	200mv for maximum output
Crossover Range	30 - 150Hz
Inputs	Stereo Line In (2 x RCA Phono) Mono (LFE) Line In (RCA Phono)
Input Impedance	Line Input 10k Ω LFE 5k Ω
Signal-to-noise ratio (S/N)	\geq 85dB
Avg. Max Output @1m	110dB
Features	Phase inversion, Auto on-off
Dimensions	Height: (358+58)mm(with feet) Width: 336mm Depth: (366+15)mm
Net weight	15kg
Finishes	Cabinet: Rosewood /Walnut Pearl/White sandex/Blackwood Vinyl with Hi-gloss baffle
Accessories	IEC power cord
